INTRODUCTION

Boltfix, in business for over 30 years, is the home of **SAMSON** – a trusted retail brand, offering a diverse range of wood, steel, and aluminium window- and door accessories. We are proud to have a footprint throughout Sub-Saharan Africa, with regional offices in Gauteng, KwaZulu-Natal, and the Eastern Cape. This enables us to form long-term strategic partnerships with our clients and maintain the excellent service levels they have become accustomed to from **Boltfix**.

We accredit our success to our highly trained and dynamic workforce, who remain committed to providing service excellence to our valued client base. Our trusted quality and ability to provide solutions, has enabled **Boltfix** and the **SAMSON** brand to become the names you can trust.

Our customers are the lifeblood of the company and our focus remains on forming long-term strategic partnerships that are both ethical and progressive. We provide tangible and quantifiable benefits to all our clients, and we relentlessly strive to improve not only our service, but also the range and quality of our products.

Our sourcing capability, both locally and internationally, allows us to supply complete solutions to a wide range of industry sectors. Our relationships with our suppliers have, and always will be, built on a foundation of trust and integrity.

OUR MISSION STATEMENT

To be the first choice supply solution.

OUR VISION STATEMENT

To engineer and provide high quality products and supply solutions, that meet and exceed all our customers' expectations.

WHY CHOOSE SAMSON?

- ✓ **In-house packaging plant**
- ✓ **Diverse range** for all **wood, steel and aluminium** window and door accessories
- ✓ **Complete supply solutions** to cater specifically for your business
- ✓ **SABS** approved locks
- ✓ **Quality products** at **affordable prices**
- ✓ **ISO 9001** 2015 certification
- ✓ Guaranteed to **maximise your return** per square meter in your store

Example:
32/300/450MM

32mm	Diameter of pipe
300mm	Installation length
450mm	Total length of handle

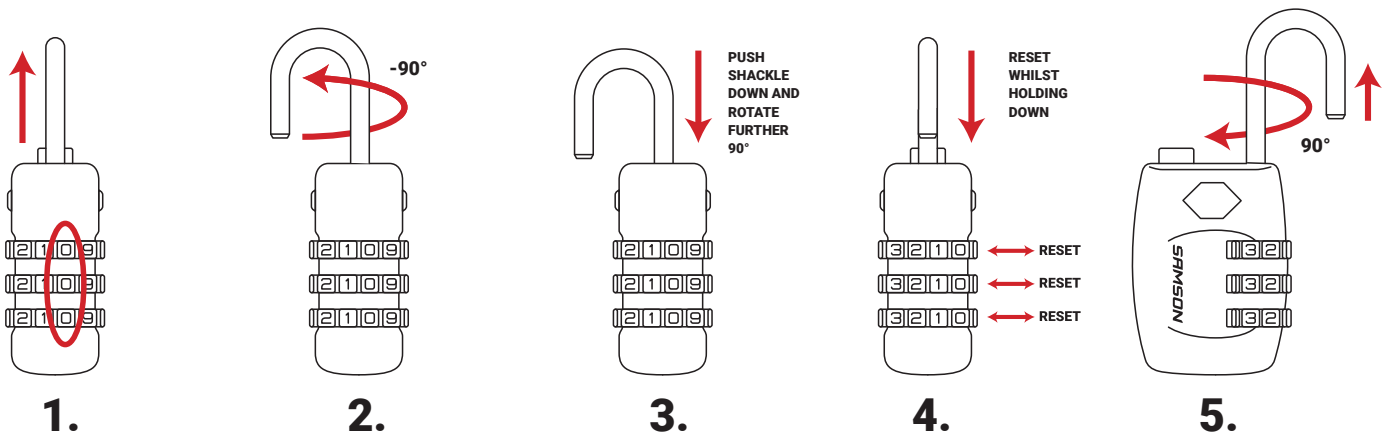

SAMSON COMBINATION LOCK INSTRUCTIONS

How to change the code on your combination lock:

1. The lock is preset to unlock at 0-0-0. Please set the dials to this code (0-0-0) and gently pull out the shackle.
2. Turn the shackle 180 degrees and press the shackle down.
3. Once the shackle is down, reset the dials to your combination.
4. Gently pull the shackle out and return it to its regular position.

TSA TRAVEL LOCK INSTRUCTIONS

How to change the code on your TSA Travel lock:

1. The lock is preset to unlock at 0-0-0. Please set the dials to this code and gently pull out the shackle.
2. Turn the shackle 90 degrees counterclockwise and press the shackle down.
3. Once the shackle is down, turn it a further 90 degrees counterclockwise.
4. Whilst holding the shackle down, reset the dials to your combination.
5. Once your combination is set, turn the shackle clockwise degrees, and gently pull the shackle out and return it to its regular position.

- Resettable 3 digit combination
- Not suitable for outdoor use
- Ideal for luggage when traveling

STAINLESS STEEL MAINTENANCE INSTRUCTIONS

Stainless steel has a tendency to slightly discolour due to the oxidisation of the residue of the buffing wax left on the finished surface. We recommend cleaning stainless steel products with a non-abrasive cleaner (Handy Andy). For preservation and a lasting finish, use Johnson Baby Oil after cleaning.

SAMSON LOCKBODY INSTALLATION INSTRUCTIONS

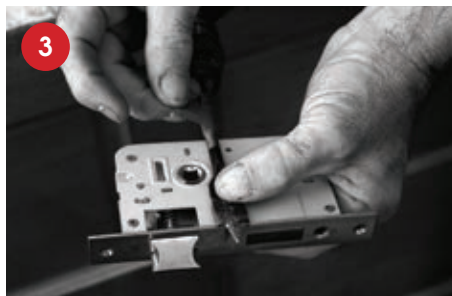

The following will be needed for installation.

1 Use lock body as a template to mark off the position for the cut out in the face of the door.

2 Clearly mark the area to be drilled and cut out.

3 **Useful Tip:** Hold the Keyhole Cutter bit against the lock body and mark 80 mm with some tape.

4 Place the Keyhole cutter (size 18 mm) at the centre and drill 6 holes moving across until the space is empty.

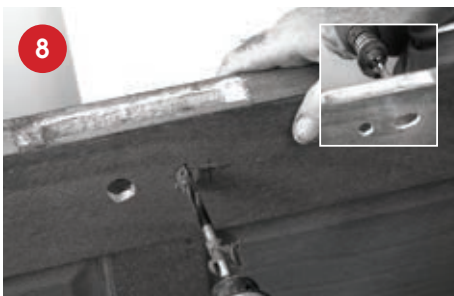

5 Using a chisel, remove 2 mm between the marked lines to create a recess for the lock body.

6 Slide the lock into the chiselled hole to check it is positioned flush.

7 Hold lock against the side of the door in line with the recess and mark off the key/cylinder and spindle holes.

8 Using your keyhole cutter (size 18 mm), drill the spindle and cylinder holes through the door.

9 Insert the lock into the door. Insert spindle and key/cylinder into the lock. Screw the lock into the door.

10 Position the handle over the spindle and escutcheon, over the cylinder, mark the holes and insert the screws.
